THE CITY'S HOT SPOTS

SO YOU WANNA

GET A DRINK OUTSIDE ...

COPPA

The Italians invented al fresco (or, er, at least that name for it), and sipping *aperitivi* on Coppa's sidewalk patio is as authentic a *sul mare* experience as you can get without turning Shawmut Avenue into a rocky coastline. Orange umbrellas and electric-blue furniture add a burst of pizzazz to the block, and we endorse anything that nearly doubles the seating capacity at this hot spot.
